

Give the gift of membership.

ENHANCE YOUR EMPLOYEE BENEFITS
WITH OUR **BUSINESS AFFINITY PROGRAM**

To get the most out of our partnership, we find it's helpful for Business Affinity Partners to do the following as soon as possible:

Schedule a Lunch & Learn to learn benefits of membership. This is the quickest and easiest way for employees to become familiar with Erie FCU and the ways Erie FCU can assist them with their financial goals and life challenges.

Provide information about Erie FCU to new hires. If you have a new hire orientation, an Erie FCU representation can attend to give a brief overview and to handle open memberships enrollments on-the-spot.

Schedule educational sessions. Erie FCU is committed to ongoing financial education, and our goal is to provide at least one free financial education seminar to your organization a year. See the 'Free Financial Wellness Workshop' flyer attached.

Help us help you (and your community!) As your partner, what's important to you is important to us. That's why it's a priority for Erie FCU to sponsor community activities that your organization values. Please contact us about sponsorship opportunities for your upcoming community events.

No hassle partnership. We do all the work!
